No. No. No. ABSOLUTELY not! Blot, you have done a lot of reprehensible things and I will NOT remain an accomplice to yet another folly!

Folly? Geez, geezer, I'm not trying anything weird. Just try'n to save this fellow!

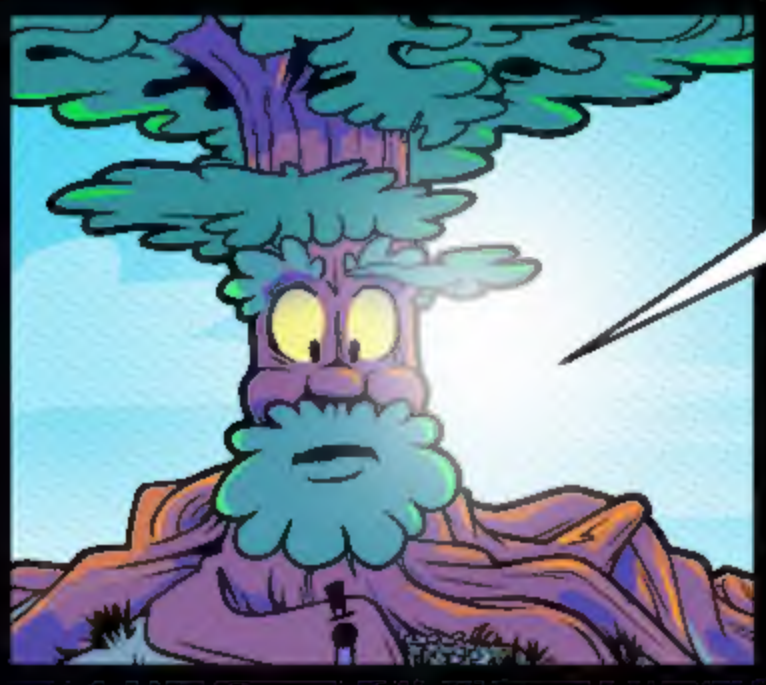
Look at how much ink he's losing... I think we're gonna lose him if we don't do something!

Blot, please tell me this isn't your doing. This shouldn't even be possible. A human shouldn't be able to reach Quill!

I swear on my mother's inkwell I'm telling the truth! He found it. He found the tape!

"Inkbolt!"

I feel incredible guilt... for filling your head with such stories of that tape. If he truly found it, this poor human wouldn't be bleeding ink all over my roots.



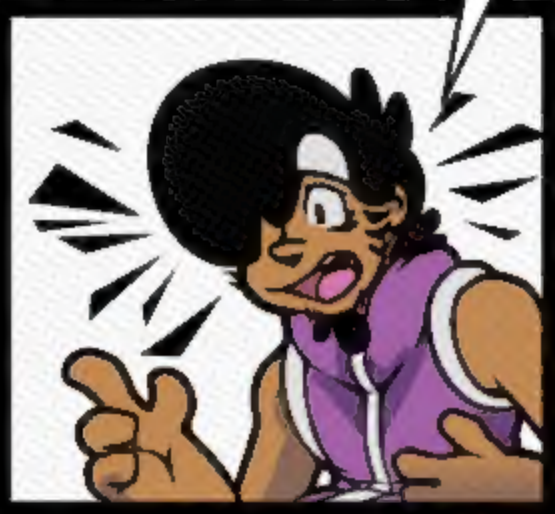
I'm afraid... there's nothing we can do.

Nothing?

You're going to tell a logo who's nothing but ink that there's NOTHING they can do about a guy losing ink?

You might be a giving-tree, but you shouldn't be giving up!

Blot! No!



Can toons even die? Oh... oh wow, I'm still a toon!

Um, hello there, young man.

WOW! Worldly? The first toon I get to see... is Acres' first ever toon! Well, fan-toon...

Fan-toon? Are... you okay?

Uh, uh! I didn't mean any offense! You meant a lot to him! I'm ... um, just...

Heart's racing. I think I'm okay?

O~ hah, ahoy there!

Oh no.

Now, that was quite a funny sight to see, but I do believe I just saw a tiny human explode into a BIG bad wolf for just a moment. Weird, huh?

Before that, I could have also sworn I saw a certain blot of ink dive into that human.

Blot, you sure have been causing a lot of problems for us lately!
